

COVID-19 checklist to plan your communications

Residential aged care facilities (RACFs) all over Australia have already had to deal with their own COVID-19 outbreaks. They have generously shared what they've learned about the most appropriate ways to communicate with residents and their families over this challenging time.

As a result, Older Persons Advocacy Network (OPAN) and Aged Rights Advocacy Service (ARAS) have developed a checklist to help you prepare for what may come. It goes hand in hand with OPAN's free COVID-19 Communications Toolkit.

Facility	Your responses and comments
How many COVID-19 cases are there among your residents?	
How many COVID-19 cases are there among your staff?	
What is your facility's current lockdown status?	
Communications	Your responses and comments
Are you sending daily update emails to family members? Who is responsible?	
Have you set up a webpage with FAQs and a summary of your daily emails? Who is responsible?	
Are you conducting regular Zoom meetings with families to maintain personal contact?	
Are you organising window visits between residents and their families?	
Have you distributed smartphones or tablets to residents for individual video visits with their families?	
Do you use Calendly (or a similar tool) to schedule video meetings between families and book communal smartphones and tablets?	
Have you provided families with relevant resources from OPAN's COVID-19 Communications Toolkit?
